

You Could Be Awarded the Next \$500 Alert Scholarship in Alaska!

Unfortunately we did not receive any scholarship entries from Alaska for this issue of *Alert Magazine*. Because we did not have any essay submissions for the scholarship prior to going to print with this issue, we do not have a scholarship winner.

Please spread the word about the Alert Scholarship to any high school seniors that you know! As has been the case in the past, our hope is that in the future each issue of the *Alaska Alert Magazine* will have a scholarship winner. Our \$500 Alert Scholarship is awarded to the high school senior who writes the best essay about a drug and/or alcohol issue, how it was dealt with, what was learned, and how the situation was handled. Please encourage all of the high school seniors you know to apply!

For more information see page five in this issue and go to: www.alertmagazine.org/scholarship.php

Our website has more information, including a complete list of the Alert Scholarship requirements, eligibility requirements, FAQs, and samples of past winning scholarship essays.
